

Welcome back, Everyone!

Having been suspended during Lockdown the Club is now beginning to open up slowly. Our bi-annual syllabus has been put on hold & is being replaced by a 3 month timetable of available walks.

This will be somewhat different to our usual approach due to restrictions still being in place. The walks will be limited to a leader & 5 persons, with bookings made in advance & walkers own transport or public transport required to meet up initially. (Our usual car sharing not being an option at the moment.) Should a walk be oversubscribed, a second group of 5 may be arranged with another Leader setting off at a slightly different time.

This is not the free & easy way we like to operate & the walks may not be as adventurous or as variable as we would like, but it is a start.

We would ask those taking part to provide their own hand sanitiser, as protection when touching gates & stiles, whilst also keeping to the social distancing guidelines recommended at the time. Giving all those taking part the comfort to enjoy the walk.

The Huddersfield Rucksack Club should have been celebrating it's 90th Anniversary this year with various events taking place which we are now hoping to rearrange in 2021.

Meanwhile, it will be good to finally be able to meet up with walking friends again, & look forward to welcoming any new members who wish to join us.

Happy Wanderings!
